Mr. James E. Ray

State Prison
Nashville, Tennessee 37203

Dear Mr. Ray:

I am in receipt of your letter of December 1, which, for some reason, did not arrive in Chicago until December 18.

This letter, you will recall, was a response to my letter of October 9, wherein we advised that we would make an audio tape available to your representatives in our studio in the event that they wished to proceed with the preparation of a transcript.

We have retained the audio portion of the program in which Gerold Frank made allusions to you and your family. We shall retain this cassette and would permit Mr. Weisberg to come to the studios to hear the tape and make transcripts as desired.

In the event someone else, other than Mr. Weisberg, is designated to come to Chicago, we would appreciate having some authorization from you, or from Mr. Weisberg as your representative, that the person designated does have your authorization to act as your representative. Please address any further communications directly to my attention on this.

Sincerely,

Harry D. Trigg
Director of Programming
